📍 Brgy. Valencia, Quezon City
Angeles City, Pampanga

An aspiring Full Stack Web Developer with a Bachelor's degree in Information Systems from De La Salle – College of Saint Benilde. My experience includes roles as a Junior Software Developer, Full Stack PHP Web Developer, and Backend Developer. I have a strong foundation in C#, PHP, Java, and Python, and have knowledge in front-end and back-end technologies like React, Angular, and CodeIgniter. I am a fast learner, passionate about acquiring and applying new technologies to deliver high-quality solutions, and am seeking opportunities to further develop my skills in web and software development.
